A game of chess

I want to tell you about the photo that is really important to me. This is one of the few photos, which I like to look at again from times to times.

This photo was taken in 25th of July, in Petrozavodsk. On this day I was participating in Karelian Chess Cup. I managed to lose most of my games during the first day of the competition. I was on a short fuse, and I was determined to play better. For the first game of the second day, I was paired against my coach. The photo shows me and my coach in the middle of our game. I have a serious and concentrated look on my face, my hand floats above my pieces. We are being observed by other players.

I played well, and won against a stronger opponent. This photo still reminds me about this game, which is one of my best chess memories.
