Nowadays some people say that graffiti artists often produce beautiful and expressive pictures that people appreciate. However, some people claim that there are a lot of other ways and places for artists to express their feelings and thoughts.

~~For~~ In my opinion, this is the most accessible type of culture that overcomes barriers of race, generation and gender. Moreover, most graffiti art is found on walls of public buildings. Because graffiti artists need appreciation of public buildings. In addition to this, graffiti is a popular culture of opposition, since it represents symbols, customs, traditions and beliefs of people.

However, there are people who claim that graffiti in public places can annoy people. They consider that graffiti is destructive, chaotic and useless since some works contain offensive words and images.

In conclusion, I would like to say that it is not matter how do you express your emotions in art.
